WHEN I SAY
I WILL INSURE YOUR HOGS
I MEAN WHAT I SAY AND SAY WHAT I MEAN.

THE ONLY SCIENTIFIC SWINE REMEDY IS

Dr. Jos. Haas' Hog and Poultry Remedy.

Sold by all respectable Drugists and General Store keepers.

WHAT THE REMEDY WILL DO.

It will put your hogs in fine condition. It will increase their appetite. It will make them fat and sleek. It is the only remedy that relieves a hog when sick. It still stops congealing your hogs. It will stop diarrhea. It will arrest disease in every instance.

Those getting it either diseased or not will gain more than double the pounds of pork while others are not so fortunate.

WHAT THE REMEDY HAS DONE.

Have used Dr. Jos. Haas' Hog Remedy, and can recommend it to all. It cost the slender, low eight hundred dollars (\$800) worth of hogs lost spring out of a herd of over three hundred head. I began feeding the Remedy while THEY WERE DYING AT THE RATE OF TWO OR THREE A DAY. They were dying before we could get them to eat. Now, after using the Remedy, they have improved right along, and it has only cost me \$75.00 and I estimate it has saved me from \$600 to \$1000.

Price, 50 cents, \$1.25 and \$2.50 per box, according to size, 25 lb. can, \$12.00.

THE reform Administration has at last discovered a topic worthy of its mighty intellect. It counted the money in the Treasury, and round it all there. It has turned some rascals out and put others in, but still it was not content. The awful discovery was made quite late, that the Government was furnishing soap for the employees of the General Land Office. That abuse was immediately reformed. The unashamed could see no use for soap, and the greatest Government in the sun ever shown was thus said \$3.20 per year. But still the great minds were restive in their ambition to reform something. The much sought opportunity has at last presented itself. It was found that certain clerks were using too many lead pencils. It was believed that such a less per year could be made to answer. Accordingly, the great Third Auditor of the Treasury, who calls himself the reformer, and the Government is going to be saved from corruption. Now, whenever a lead pencil is wanted by a clerk a requisition, signed by the clerk and approved by the chief of the division, must be filed with the Auditor, and the lead pencil is date issued. It is thought that by means of this great innovation a dozen lead pencils will be saved every year. The future historian of the nation will doubtless record how we were on the verge of ruin from the recklessness of lead pencils, when a single man from Indiana came to the rescue, and saved us from the awful calamity.

According to Commissioners Cole and Dakota units as that among the states and territories of the United States, Colemen is good Democratic authority. As it requires people to produce wheat, there must be great grain there and they evidently are there to stay. Yet Senator Vestal fails to believe that the population of Dakota is not permanent, and that it is too soon for them to be asking admission as a state. The matter is that Dakota is full Union soldiers and they are mostly Republicans in politics.

Consumption Cured.

An old Physician, retired from practice, having placed in his hands as his last legacy the formula of a simple vegetable remedy for the speed and permanence cure of Consumption, Catarrh, Asthma, and all other long Afflictions, and has given and taught Long Afflictions, and has given and taught many thousands of persons to health and recovery, after having tried every known Remedy. He failed this duty to make it known to his suffering kins. Actuated by this motive and a desire to relieve human suffering, I will send him a copy of my book, "Consumption Cured," French or English, with instructions for preparing and using, sent to me at addressing with stamp, naming the place. W. A. NOYES, 10 Power's Block, Rochester, N.Y.

With all the doctoring that could be done by the Fitz Hugh Saddle party which controls the entire election announcement is at last made that the majority, for the Saddle and Spurs of Gen. Lee in Virginia at the last election was 16,000. This after it had been proclaimed by the head (such a head!) of the ticket, that it would reach 26,000.

Some Great Men who Worked.

A-hamed of work, b-sy!—good, hard honest work? Then I am ashamed of you, ashamed that you know so little about great men.

Open your old Roman history now, and read of Cincinnatus. On the day on which they wanted him to be dictator where did they find him? In the field plowing.

What about Marcus Caius, who drove Pharnax out of Italy? Look him up; you will find him busy on his little farm.

The great Cato, you have surely heard of him—how he rose to all the honor of the Roman State; yet he was often seen at work in the fields with his slaves.

Scipio Africanus, who conquered Hannibal and won Carthage for Rome, was not ashamed to labor on his farm.

Lucrilla, one of the noblest of Roman matrons, might have been seen many a day at work spinning among her maidens.

Better even than the example of noble Romans is the advice of the wise man:

"Whatevsoer thy hand findeth to do, do it with all thy might."

Better than this even are the beautiful New Testament words:

"Not slothful in business; fervent in spirit; serving the Lord."

Thereafter hearing of these instances you will surely be ashamed not to work—Phalaecus Cali.

Stop that cough, by the use of Ayer's Cherry Pectoral—the best specific for all diseases of the throat and lungs. It will soothe the rough feeling in your throat, aid respiration, and give the vocal organs flexibility and vitality.

DOCTORS PRESCRIBE IT FOR ALL DISEASES PECIAL TO WOMEN.

Leave your female Tonic, that I have for you, to the druggist, and you will be well satisfied.

I enclose a copy of my Remedy for Consumption, in character of life, to be given in cases of Consumption, and it may be taken at all times with safety.
